

## EXAM PREP MADE EASY

- ▶ When reviewing the course content, focus on the areas that the exam information states are of high importance. Break down the course content by weeks or topics.
- ▶ Now you've reviewed the course content, you'll be prepared to complete the practice exam. Try to complete the exam in the testing conditions. (E.g., Is it a closed exam, what are the time constraints?).
- ▶ Use the table to digitally add your exams for the trimester and refer to the trimester timeline. This can also be printed if you prefer to jot down key dates by hand.
- ▶ Use the Exam Prep Checklist to ensure you're prepared and ready to sit your exam.

**Ace the trimester with your academic team!**
